Fangs for the Memories

If you're a veteran comics reader with more than four decades of experience under your belt, there's a good chance you remember ***Vampirella's*** debut back in 1969, complete with that striking *Frank Frazetta* cover.

If your involvement with comics dates back only half that far, you might remember when writers like *Grant Morrison* and *Mark Millar* reinterpreted the seductive vampire for Harris Publishing.

But if you don't remember either, don't worry: Dynamite Entertainment is about to offer you the opportunity to find out just what you missed out on!

In October, Dynamite launches its ***Vampirella*** franchise with a pair of high-profile reprints. ***Vampirella Archives Volume One Premiere HC*** will collect the first seven issues of the original Warren Magazine that introduced Vampi to the world; this volume will include work by *Archie Goodwin, Neal Adams, Tom Sutton, Donald F. Glut, Forest J. Ackerman, Ernie Colon, Billy Graham, Alan Weiss,* and *Jeffrey Jones,* along with that unforgettable *Frank Frazetta* cover.

The company's second offering, ***Vampirella Masters Series Volume One: Grant Morrison & Mark Millar TP,*** features tales from the glory days of Harris' ***Vampirella*** relaunch. Joining these two legendary creators are such talents as *Amanda Conner, Jimmy Palmiotti, Brian Haberlin, Michael Bair,* and *Kevin Nowlan,* and more. This edition also includes interviews with Morrison, Millar, Conner, and Palmiotti, along with a striking cover by *Jae Lee.*

"Vampirella is one of comic's greatest female icons, and we're proud to bring her classic and contemporary tales back to print for fans old and new," Dynamite publisher *Nick Barrucci* said. "From the works of legendary creators to today's contemporary super stars, we're proud to have the opportunity to place some of the stories in collected form for the first time. We're also beginning our 'Master Series' with two masters—*Grant Morrison* and *Mark Millar*—and will continue with *Warren Ellis, James Robinson,* and others."

MOST OF THE BOYS HERE HAVE SERVED UNDER MY COMMAND SINCE THE AMERICAN CIVIL WAR AND LET'S JUST SAY, I HAVEN'T LOST A SOLDIER YET.
TACTICS, LITTLE LADY, THAT'S WHAT KEEPS SILAS CLAYTON'S REGIMENT ONE STEP AHEAD OF ANY VAMPIRE HUNTER MAKES THE MISTAKE OF TRACKING US.
POOR LITTLE VAMPIRELLA JUST WALKED RIGHT INTO A TEXT-BOOK DOUBLE-CROSS.

The deal that brough ***Vampirella*** to Dynamite was literally years in the making. "Believe it or not, we worked on this for five years!" Barrucci said. "And now we have Vampirella lock, stock, and barrel. We purchased the character outright from Harris Publications; we own Vampirella now."

What makes ***Vampirella*** such a desirable property after all these years? "Before ***Buffy, Twilight,*** and ***True Blood,*** there was ***Vampirella,***" Barrucci said. "She's been around for over forty years—she's a cultural icon. Vampirella was one of the first strong female comic book characters, and fans have a strong connection to her."

Reprinting comics from the 1960's and 1970's can be problematic, especially when it involves material published by a company no longer in business. In some cases—such as with Fantagraphics' superb ***Blazing Combat*** volume reprinting Warren Magazines' short-lived war series—publishers have been able to track down original stats, reproducing the material in its highest possible quality. In other cases—such as Dark Horse's ***Creepy*** and ***Eerie Archives***—no such stats have been found, so the publisher has had to shoot from printed copies of the original comic. Which approach is Dynamite taking?

"This is a big undertaking, so different methods will be used to reprint the material," Barrucci explained. "We are fortunate that Harris Publications had created a digital archive of classic ***Vampirella*** material before we acquired the property." In cases where no such digital archive does exist, however, Barrucci said that "our production department will be scanning material from the original comics as needed. We have a method that we believe will yield excellent results. We're taking the approach that we only get one chance to make a first impression with ***Vampirella*** and this is our chance!"

In addition to the comics pages from those hard-to-find Warren magazines, "We will be including all text pages that feature Vampirella," Barrucci said—and that's news sure to please those readers who want to enjoy the complete ***Vampirella*** experience from those early years. Dynamite isn't slacking off insofar as the quality of those text pages is concerned, either. "As I said, right now our first priority is reproducing all those pages—both comics and text—to the highest possible standards of quality."

While the ***Masters Series*** will begin with the work of *Grant Morrison* and *Mark Millar.* "We also have *Warren Ellis, James Robinson,* more Mark Millar on his own... the list of established authors who have worked on ***Vampirella*** is longer than anyone realizes.," Barrucci said. "And we'll be collecting it all!"

Dynamite has been working on these volumes for months to ensure that they reach comic shops this year. "We'll be launching the ***Archives*** in plenty of time for the holidays," Barrucci said. "As far as the ***Masters Series*** is concerned, we'll have a few released before the holidays; after that, we'll probably be going to a less frequent release schedule.

Of course, classic reprints are just one component of Dynamite's ***Vampirella*** publishing plan; the company is also preparing for the launch of original ***Vampirella*** material. "We're in talks with writers and will be making announcements soon on the new series," Barrucci said. "We anticipate launching that series in November."

Will the company launch with a single flagship title, a series of miniseries, or a combination of the two? "Right now, we're focused on launching a main series, " Barrucci said. "Cementing ***Vampirella*** is the most important thing we need to do."

Dynamite already has a working relationship with such talents as *Leah Moore* and *John Reppion,* who have ventured into the world of vampires with their Dynamite adaptation of *Bram Stoker's* ***Dracula.*** Any chance that Moore and Reppion might tackle a ***Vampirella*** project? "That's a great idea," Barrucci said, "and I'm going to take it back to my guys and discuss it with them.

And speaking of ***Dracula***—is there any chance that readers might see a story featuring both Vampirella and Dracula at some point? " That's a idea, too," Barrucci said with a smile and a wink. "Let me get back to you on that..."

Vampirella Archives Volume One HC, a $49.99 volume, is scheduled for late October release. ***Vampirella Masters Series Volume One: Grant Morrison & Mark Millar TP*** (collecting "Ascending Evil" from ***Vampirella Monthly #13,*** "Holy War" from ***Vampirella Monthly #4-6,*** "Blood Red Game" from the ***Vampirella 25th Anniversary Special,*** and "Cold Day in Hell" from ***Vampirella Strikes #6***), a $24.99 trade paperback, is scheduled for October release.
